INDEPENDENT AUDITORS' REPORT

Board of Directors
National Christian Charitable Foundation, Inc.
and Supporting Organizations
Atlanta, Georgia

We have audited the accompanying consolidated financial statements of National Christian Charitable Foundation, Inc. and Supporting Organizations, which comprise the consolidated statements of financial position as of December 31, 2018 and 2017, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the financial statements of ProVision Foundation, Inc., Emmanuel Foundation, Movement Foundation, TMG Foundation, or Elgin Children's Foundation, Supporting Organizations, whose statements reflect total assets of \$22.7 Million as of December 31, 2018, and total revenues of \$9.1 Million for the year then ended. We did not audit the financial statements of ProVision Foundation, Inc., Emmanuel Foundation, Movement Foundation, TMG Foundation, or Elgin Children's Foundation, Supporting Organizations, whose statements reflect total assets of \$30.1 Million as of December 31, 2017, and total revenues of \$16.2 Million, for the year then ended. Those statements were audited by other auditors, whose reports have been furnished to us and our opinion, insofar as it relates to the amounts included for ProVision Foundation, Inc., Emmanuel Foundation, Movement Foundation, TMG Foundation, or Elgin Children's Foundation, is based solely on the reports of other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

Auditors' Responsibility, continued

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the reports of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of National Christian Charitable Foundation, Inc. and Supporting Organizations as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NCCF was originally incorporated under the Non-Profit Corporation Code of the state of Georgia on December 19, 1982, and is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code (Code). It is also exempt from state franchise and income taxes under Section 48-7-25 of the Official Code of Georgia Annotated (OCGA). NCCF is currently classified as a publicly supported organization which is not a private foundation under Section 509(a)(1) of the Code. Contributions to NCCF are tax-deductible within the limitations prescribed by the Code. NCCF is guided in its operations and procedures by a Private Letter Ruling issued by the Internal Revenue Service in 1984 and amended in 1987.

During April 2001, the Foundation's board of directors adopted a resolution approving the formation of a new Georgia nonprofit corporation, National Christian Foundation, Inc. (NCF) (eliminating the word Charitable). The purpose of the new entity was to provide a new shorter business name for the ministry in keeping with its purpose and identity and to provide for the receipt of any living and testamentary contributions made under the shorter name. Since the Foundation is primarily known by its full name (National Christian Charitable Foundation, Inc.) and the full name is in use in many charitable giving instruments, wills, and other legal documents, the Foundation conducts the significant portion of its activities through NCCF.

NCCF Trust is a nonprofit trust organized and existing under the laws of the state of Texas, a tax-exempt organization classified as a public charity, and a Type 1 supporting organization to the Foundation. NCCF Trust was established on August 18, 1998, to receive, hold, and liquidate charitable contributions of units of beneficial interest in privately held business entities that are classified as pass through entities by the Code (S-corporation stock, limited liability company interests, and limited partnership interests).

NSI is a nonprofit corporation organized and existing under the laws of the state of Georgia as of October 22, 1996, a tax-exempt organization classified as a public charity, a Type 1 supporting organization to the Foundation, and used primarily to receive, hold, and liquidate charitable contributions of units of beneficial interest in privately held business entities that are not classified as pass through entities by the Code.

NCFRP is a nonprofit corporation organized and existing under the laws of the state of Georgia as of October 12, 2001, a tax-exempt organization classified as a public charity, a Type 1 supporting organization to the Foundation, and used primarily to receive, hold, and liquidate interests in real property.

NCFI is a nonprofit corporation organized and existing under the laws of the state of Georgia as of June 29, 2001, a tax-exempt organization classified as a public charity, and a Type 1 supporting organization to the Foundation.

Network Affiliates (Affiliates)—formerly Local Community Foundations

NCCF has developed relationships with 23 Affiliates across the country whereby NCCF provides donor-advised funds, administrative services, as well as training, marketing, gift planning, and advisory services to the Affiliates. The Affiliates' donor-advised funds are established as component funds of NCCF and as such are included in NCCF's total assets. At December 31, 2018 and 2017, total assets related to this program approximated \$2.421 billion and \$2.410 billion, respectively. NCCF assesses an administrative cost allocation on the component funds' investments based upon the market value of assets held at NCCF. A portion of this cost allocation is distributed to the Affiliates for operating purposes.

December 31, 2018 and 2017

1. NATURE OF ORGANIZATION, continued:

Unconsolidated Supporting Organizations

As a means to increase nontraditional giving opportunities, the Foundation has established various supporting organizations (SOs) for the benefit of NCCF which are utilized by donors to accomplish their charitable giving objectives. The SOs are formed under Section 509(a)(3) of the Code. As of December 31, 2018 and 2017, 10 SOs existed. NCCF estimates that these SOs have approximately \$329.8 million in total assets as of December 31, 2018, and approximately \$341.7 million as of December 31, 2017. Because these SOs do not meet the current standards for consolidation under the *Consolidation* topic of the FASB ASC, activity associated with these SOs has not been included in NCCF's consolidated financial statements for the years ended December 31, 2018 and 2017.

The Foundation's program activities include:

Charitable distributions—This represents the actual amount of charitable distributions given to grantee organizations without regard to processing costs. When donors make a distribution recommendation to potential grantee organizations, the Foundation undertakes a qualification process prior to distributing any funds. Once approved, distributions are then made to qualified grantee organizations, projects, needy individuals, or the general fund of NCCF as determined by management of NCCF. As noted below, the funds are under the complete control of the NCCF board, but donors may make recommendations as to their distribution. The Foundation personnel perform the qualification process mentioned above; therefore, the costs associated with these activities are included in the program services component of expenses.

Other programs—Rather than being solely a grant-making organization, some of NCCF's Supporting Organizations conduct and produce Christian education and outreach, as their charitable purpose.

Donor-advised funds—Donor-advised fund agreements (DAFs) allow donors to make charitable contributions to a fund which is used to provide distributions to qualified organizations, projects, needy individuals, or the general fund of NCCF. The funds are under the complete control of the NCCF board, but donors may make recommendations as to their distribution. Donor-advised funds are reported as contributions without donor restrictions.

Charitable gift annuities—Annuity agreements are issued in exchange for a payment that constitutes part charitable contribution and part purchase of an annuity, providing for payments to the stated annuitant(s) during their lifetime(s). These agreements constitute general obligations of the Foundation. The gift portion of annuities and investment reserves in excess of liabilities revert to a donor-advised fund and are reported as contributions without donor restrictions and designated net assets of the Foundation.

2. LIQUIDITY:

As part of NCCF's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Amounts not available include amounts designated by the governing board but could be drawn upon if the governing board approves that action.

The following reflects NCCF's financial assets that are available to meet general expenditures within one year of the consolidated statement of financial position date:

Financial assets available to meet general expenditures over the next 12 months:

	December 31,	
	2018	2017
Cash and cash equivalents	\$ 251,236,000	\$ 458,593,000
Investments	1,444,411,000	890,240,000
Current portion of notes receivable	9,804,000	7,604,000
	\$ 1,705,451,000	\$ 1,356,437,000

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting. The significant accounting policies followed are described below to enhance the usefulness of the consolidated financial statements to the reader.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements of the Foundation include the operations of the consolidated entity, including NCCF, NCCF Trust, NSI, NCFRP, NCFI, NCF Corp, NCT, GTI, 1610, ACF, ALWF, BSO, CFA, CGF, DCCF, DRCF, E3RF, ECF, EF, FGF, GFG, GGF, GLF, H214, HFTH, JFCF, JBMCR, Madala, NWP, PH, OSLL, PVF, Refuge, RF, SHF, SF, SRCT, SOZO, TCFSO, TMF, TPI, TMG, and WLSO.

The following consolidated entities are hereinafter referred to as NCCF Type 1 supporting organizations (Type 1 SOs): ACF, GTI, 1610, ALWF, BSO, CFA, CGF, DCCF, DRCF, E3RF, ECF, EF, FGE, GGF, GLF, GFG, H214, HFTH, JFCF, JBMCR, Madala, NWP, PH, OSLL, PVF, Refuge, RF, SHF, SF, SRCT, SOZO, TCFSO, TMF, TPI, TMG, and WLSO.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

NCCF Type 1 SOs are consolidated when NCCF has the ability to appoint a majority of the organization's board of directors as well as the existence of an economic interest. Upon the appointment of an organization as a Type 1 supporting organization, or if a Type 1 SO ceases to be a NCCF supporting organization, the net assets, if any, are reported as "change in controlled entity" in the consolidated statements of activities. Such changes approximated (\$49,643,000) and (\$995,000) for the years ended December 31, 2018 and 2017, respectively. During the year ended December 31, 2018, NCCF ceased to control DDV Davis Family Foundation, Inc. During the year ended December 31, 2017, NCCF ceased to control MBC Foundation and Love Thy Neighbor Too.

All significant intercompany balances and transactions are eliminated.

ESTIMATES

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the consolidated financial statements. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash, checking, and money market accounts. These accounts may, at times, exceed federally insured limits. The Foundation has not experienced any losses in such accounts and seeks to mitigate its credit risk, as possible. The uninsured amount as of December 31, 2018 and 2017, was \$238,895,000 and \$238,490,000, respectively.

INVESTMENTS

Investments in equity securities with readily determinable fair values and all debt securities are reported at fair value based upon quoted market prices. Hedge fund and private equity fund assets are reported at net asset value (NAV), as reported by fund managers, which represents NCCF's proportionate share of the fund. Hedge fund assets are not immediately liquid. Accordingly, their values are based upon guidelines established by the fund managers. Management believes this method provides a reasonable estimate of fair value. These values may differ significantly from values that would have been used had a readily available market existed for such investments, and the differences could be material to the change in net assets of the Foundation. Realized and unrealized gains and losses are reported in the consolidated statements of activities as a component of investment income.

Other investments other than equity securities are carried at the lower of cost or fair value at date of donation, adjusted for any temporary and other than temporary impairments with recoveries in subsequent periods limited to the original cost. For other investments that are equity securities, such equity securities are carried at cost adjusted for any permanent impairment. Adjustments to the carrying value of the other investments are reported in the consolidated statements of activities as a component of investment income.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

INVESTMENTS, continued

Donated investments are recorded at fair value on the date of donation and thereafter carried in accordance with the above provisions.

PREPAID EXPENSES AND OTHER ASSETS

Prepaid expenses and other assets consist of prepaid expenses, income tax refunds, and other current assets.

PROPERTY, EQUIPMENT, AND DEPRECIATION

Items purchased in excess of \$2,500 are capitalized as property and equipment and are recorded at cost. Donated items are recorded at their fair market value on the date of the gift. Depreciation of property and equipment is provided over the estimated useful lives of the assets on the straight-line basis, ranging from three to seven years.

BENEFICIAL LEAD INTEREST IN TRUSTS

NCCF is the irrevocable beneficiary of certain charitable lead trusts held and administered by independent trustees. Under the terms of the trusts, NCCF has the right to receive predetermined payments from the trusts. NCCF records its beneficial interest in trusts based upon the estimated net present value of payments expected to be received, discounted at rates ranging from 3.0% to 3.2%.

ANNUITY OBLIGATIONS

The Foundation has issued charitable gift annuity agreements. Under these agreements, a donor contributes assets to the Foundation in exchange for the right to receive a fixed dollar annual return during the donor's lifetime. A portion of the transfer is considered to be a charitable contribution for individual income tax purposes. The difference between the amount provided for the gift annuity and the liability for future payments, determined on an actuarial basis, is recognized as a contribution at the date of the gift. The annuity liability is revalued annually using a discount rate established at the inception of the agreement and appropriate actuarial assumptions. Actuarial changes and annuity payments are reported as change in value of annuities and trusts in the consolidated statements of activities.

The Foundation regularly purchases Nonparticipating Terminal Funding Group Annuities from various insurance companies. The purpose of these policies is to reinsure the gift annuity obligations of the Foundation. The insurance companies assume all mortality and investment risk associated with the gift annuities. However, the Foundation remains liable for fulfilling the requirements of the gift annuity agreements. The value of these policies has been determined to equal the outstanding annuity obligations of the Foundation and is included on the consolidated statements of financial position as investments.

As a result of the reinsurance of the mortality and investment risk associated with gift annuities, changes in the present value of expected payments to annuitants over their life expectancies from the date of the policy forward represent changes in the associated asset and not income to the Foundation. As of December 31, 2018 and 2017, the percentage of reinsured annuities was 94% and 77%, respectively.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

ANNUITY OBLIGATIONS, continued

Included in annuity obligations is the present value of future payments to annuitants and is computed using federal mortality rate tables with discount rates ranging from 1.4% to 2.2%.

NET ASSETS

The consolidated financial statements report amounts by classification of net assets:

- *Net assets without donor restrictions* are currently available for purposes under the direction of the board, designated by the board, resources invested in property and equipment, and amounts held as annuity reserves.
- *Net assets with donor restrictions* are contributed with donor stipulations for specific operating purposes or programs.

SUPPORT, REVENUE, AND RECLASSIFICATIONS

Revenue is recognized when earned and support when contributions are made, which may be when cash is received, unconditional promises are made, or ownership of donated assets is transferred to the Foundation. Donated property (including securities, real property, and equipment) is recorded at fair value at the date of the gift.

The Foundation reports gifts of cash and other assets as with donor restrictions support if they are received with donor stipulations that limit the use of the donated amounts. When a stipulated time restriction ends or purpose restriction is satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions.

Gifts of property and equipment are reported as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Contributions to donor-advised funds are reported as without donor restriction support and net assets because the Foundation has the unilateral power to redirect these funds. Contributions to donor-advised funds is the Foundation's primary source of revenue.

Administrative cost allocations are typically based on a standard percentage of assets donated and are used to cover the Foundation's operating costs. Funds are transferred to the Foundation's operating fund when either the underlying assets are sold or income distributions are received.

Change in value of annuities and trusts represents the net change during the period from new agreements, investment income, payments to beneficiaries, and actuarial change.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

EXPENSES

Expenses are recorded when incurred in accordance with the accrual basis of accounting. The costs of providing various program services and supporting activities of the Foundation have been summarized on a functional basis in the notes to these consolidated financial statements and in the consolidated statements of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited. Investment management fees, which are general and administrative expenses, have been netted against investment income.

Expenses include grants to qualified organizations, including those made in accordance with donor-advised agreements that are recognized when distributions are promised or made.

INCOME TAX

Income tax expense is recorded for activities that generate unrelated business income. The Foundation generates taxable income through investment transactions. The Foundation accepts donations of S-corporation stock. During its holding period, the Foundation receives taxable distributions. Further, a taxable capital gain may be generated upon sale of the stock. Similarly, the Foundation receives interests in LLCs that generate taxable income. For the years ended December 31, 2018 and 2017, the Foundation incurred income tax expense of \$11,179,000 and \$12,681,000, respectively. Income tax expense is included in general and administrative expenses in the consolidated financial statements.

The financial statement effects of a tax position taken or expected to be taken are recognized in the consolidated financial statements when it is more likely than not, based on the technical merits, that the position will be sustained upon examination. Interest and penalties, if any, are included in expenses in the consolidated statements of activities. As of December 31, 2018 and 2017, the Foundation had no uncertain tax positions that qualify for recognition or disclosure in the consolidated financial statements.

For the year ended December 31, 2017, approximately \$472,572,000 (representing 24% of the Foundation's total support and revenue) was received from five donors. The percentage contributed by each individual donor ranged from 2% to 13% of support and revenue.

12. EMPLOYEE BENEFIT PLAN:

The Foundation has established a money purchase pension plan (the Plan) for eligible employees effective January 1, 1999. Employer contributions to the Plan for the years ended December 31, 2018 and 2017, were \$313,000 and \$233,000, respectively.

13. COMMITMENTS AND CONTINGENCIES:

The Foundation leases office space and office equipment under noncancellable operating leases. The total rent expense for the years ended December 31, 2018 and 2017, was \$2,004,000 and \$1,962,000, respectively. Future minimum lease payments are as follows:

Years Ending December 31,	Amounts
2019	\$ 2,118,362
2020	2,241,641
2021	2,185,453
2022	2,078,461
2023	1,960,540
Thereafter	2,443,547
	\$ 13,028,004

OTHER

The Foundation is involved in litigation with an unrelated party, a liquidating trustee of an investment fund that invested in an allegedly fraudulent business venture. The Foundation was not involved in the venture in any way, but the trustee is attempting to set aside charitable contributions that a promoter of the venture made to the Foundation, on grounds that the promoter was insolvent at the time of the contributions. Evaluating the likelihood of a successful outcome or a range of potential loss is very difficult at this time, but an adverse judgment that might approximate twelve million dollars is reasonably possible. However, the Foundation is vigorously contesting the trustee's claims, and intends to continue to do so. The Foundation believes it has strong defenses to the trustee's claims. Currently, the bankruptcy court has entered judgement in favor of the Foundation on all three counts. The case is currently under appeal.

14. DISCLOSURE OF FAIR VALUE AND FAIR VALUE MEASUREMENTS:

The following disclosure of estimated fair value of financial instruments as of December 31, 2018 and 2017, is made in accordance with the requirements of the *Fair Value Measurements and Disclosure* topic of the FASB Accounting Standards Codification. Methods and assumptions used by the Foundation in estimating fair values are as follows:

Mutual funds and equity securities—The fair value of these financial instruments is based on quoted market prices or dealer quotes.

Mortgage-backed securities, government securities, and corporate bonds—The fair value of these financial instruments is based on yields currently available on comparable securities of issuers with similar credit ratings.

Hedge fund assets and private equity funds—The fair value of hedge fund and private equity fund assets is based upon estimated fair value per the net asset value as reported by fund managers, which represents NCCF's proportionate interest in the capital of the invested funds.

Change in valuation techniques—None.

The Foundation uses appropriate valuation techniques to determine fair value based on inputs available. When available, the Foundation measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.
