

# Fact Sheet

For almost 40 years, the National Christian Foundation (NCF) has come alongside generous families, individuals, and their advisors to help them send more than \$12 billion in giver-recommended grants to 63,000 charities.

Comprised of some of the brightest, most passionate experts in charitable giving today, NCF helps people create a well-planned, intentional strategy for their giving so they can inspire their family, maximize resources, and leave a lasting legacy. NCF serves more than 30,000 generous givers through our headquarters in Alpharetta, Georgia, and our nationwide network of 30 local offices across the country.

## History

NCF was founded in 1982, when three leading Christian financial professionals – attorney Terry Parker, well-known author Larry Burkett, and top financial advisor Ron Blue – joined forces to create a new model for biblical generosity focused on the unique needs of Christian givers. They established the NCF Giving Fund, the largest Christian donor-advised fund of its kind, to make giving simpler and more effective for those entrusted with much.

As a pioneer in non-cash giving, NCF quickly established itself as an industry leader in accepting tax-wise gifts of appreciated assets such as stocks, real estate, and business interests. Today, NCF's innovative solutions for non-cash assets help givers maximize their impact so they can be faithful stewards of all the resources that God has entrusted to them.
